Circle one: Which **text structure** did you notice?

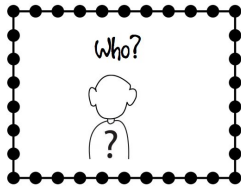

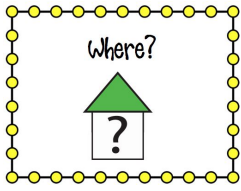

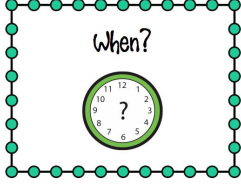

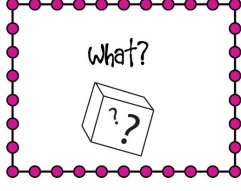

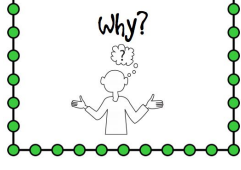

Cause & Effect	Compare & Contrast	Sequence	Problem & Solution	Description
				
Cause is <b>why</b> something happened. Effect is <b>what</b> happened.	Show how <b>two</b> or more things are <b>alike</b> and/or <b>different</b> .	Explains events <b>in order</b> or tells the steps to follow.	Tells about a <b>problem</b> (the why!) and then gives 1 or more <b>solutions</b> .	A main <b>topic</b> (person, thing, place) is <b>described</b> by explaining its features or characteristics.
