Hon[orable] Marcus H. Holcomb,

Executive Chambers,

Hartford, Conn[ecticut]

My dear Governor:

I am just back and find your letter of the thirteenth and appreciate it.

I am, of course, glad that the Tennessee development has relieved the whole situation, but I want, however, to reply to that part of your letter concerning the subject matter of my letter which you saw you read in substance two days before in the newspapers. I did not get out a report. A large part of your letter was in the statement made here to the women, and that was given out so nearly analogous that, no doubt, it seemed to you to be the same as the letter.

With very kindest regards, I am,

Sincerely yours,

[Signature of] Will H. Hays
